

Webinar on Computer Vision Syndrome

Rotaract Club of Laxmi College of Optometry, Zone-1, RID 3131 organized a session on Computer Vision Syndrome (CVS). It was held on 20th August 2020 on online platform. The session was attended by over 120 Participants which included Rotaractors, Council Members, Faculties and Rotarians.

Session was started with introductory speech by president Rtr. Komal Narkar. Key speaker was Miss. Shruti Lad, Head of Vision Therapy Department at Laxmi Eye Institute, Panvel. She delivered a talk on Computer Vision Syndrome which is a bit obscure topic, yet an important for all age groups especially in present situation where people are being exposed to Digital Screens for hours and hours. Session was followed by an interactive question –answer session where Ms. Shruti answered some interesting yet common questions. The session then was wrapped with vote of thanks by Vice President Rtr. Ashri Jaiswal.
